#### 4. FAQ

**Q1:** Does LinkCam need to connect DC Power Supply?

A1: No, it doesn' t . It is 100% wireless . LinkCam powered by 4 cells AA batteries . It can standby 800days. Also it can powered by micro USB cable.

**Q2:** How long is it working time with one full charge?

A2: 6-8 months working time according to your wifi condition and based on 15seconds per trigger , 10 triggers per day.

**Q3:** Does LinkCam support remote live streaming?

A3: Yes , it supports . It needs to connect with network well.

**Q4:** How many viewers can watch video via LinkCam at the same time ?

A4: Three users can view at the same time , one user can speak.

**Q5:** How about the safety of LinkCam ?

A5:LinkCam use P2P communication technology, any video and picture won' t be stored in the service platform. There is encrypted tunnel for transfer between LinkCam and your smart

phone . So don't worry about your privacy. Also, we suggest that change default username and password on App when you start to use it .

**Q6:** Which Smart phone version does LinkCam App supports?

A6: The App supports IOS 8.0 and above, android 4.0 and above.

**Q7:** How to install LinkCam to wall ?

A7:Easy,Firstly,screw magnetic bracket against to wall, Secondly,hang LinkCam on magnetic bracket . Also you can stick magnetic bracket on wall with smooth surface by 3M glue,then hang LinkCam on it .

**Q8:** How to do when add device fail ?

A8: Firstly, reset the device ,check if the indicator is blinking red. If it doesn't blink , then check the batteries if it's the lowest power or if the batteries are correctly located.

Secondly,Check your network , LinkCam doesn't support 5.0 G network, so make sure the network is 2.4G.

Thirdly, Check your smart phone if it connects with your network well.

Last, keep your phone and linkCam within 2meters when you are configuring.

**Q9:** How to do when can not receive video call?

A9: Re-start your App WeHome after your smart phone reboot , to keep it working background;

For IOS phone , the video call will be coming when the APP is online , or you can only receive notification; Some smart phone disconnect network when screen locked for a while , then the App can't connect with network either . please connect your smart phone supplier for ensure the App in your phone can connect with network .

#### Q10: How to do when forget the password ?

A10: Reset the LinkCam (press reset button more than 3 seconds,you will listen a sound and see the indicator blinks red) and re-configure it . Pay attention that all data on device will be reset to defaults.

## 5. Safe Battery Handling and Usage

Batteries can EXPLODE, CATCH FIRE, and/or CAUSE BURNS if disassembled, punctured, cut, crushed, short-circuited, incinerated, recharged (disposable cells), or exposed to water, fire, or high temperatures. To ensure optimal safety and performance:

- Use only batteries that contain built-in fault and heat protection.

- DO NOT use counterfeit or inferior-quality batteries in LinkCam Wire-Free cameras. Use only the batteries supplied by official, or high-quality batteries from, established, well-known manufacturers, such as Panasonic®, Energizer®, or Duracell®.

- DO NOT use rechargeable batteries.

- DO NOT place loose batteries in a pocket, purse, or other receptacle containing metal objects.

- DO NOT store batteries with hazardous or combustible material; store in a cool, dry, ventilated area.

- While your LinkCam Wire-Free camera is weatherproof and safe to use outside, DO NOT allow the batteries or battery compartment to get wet prior to or during installation.

- ALWAYS keep batteries away from children.

- REPLACE ALL batteries at the same time with batteries of the same type purchased at the same time from the same manufacturer and DO NOT load batteries backwards. MAKE SURE the battery compartment is empty and free of any loose debris before inserting batteries. Follow the directions in the quick start guide and/or written on the LinkCam Wire-Free camera.

- Follow local guidelines to dispose of used batteries. To the extent permissible by applicable law, failure to follow these warnings and/or directions could result in damage to your LinkCam Wire-Free cameras that will not be covered by Linkwil's warranty.
