DIAGRAM

SETTING UP THE APP

1. Download the app - LookCam

Search and download **LookCam** on the App Store or Google Play. you can also scan the QR code below via QR scanning app for direct URL link.

2. Setup the NANO

Insert a Micro SD card in the card slot Θ if you're planing on recording media directly on the NANO. Push the card in all the way until you feel it click.

Plug in the included battery to the NANO's battery connector **G**.

Turn on the camera: move the switch **2** to the **ON** position, wait until the indicator light **3** starts blinking solid blue.

To charge the battery, use the included USB cable to connect to a charger or any live USB port. Then connect to the NANO USB port **4**. The indicator will stay on red while charging and go out once fully charged.

3. Setup the WIFI

Connect your phone to this camera's WiFi access from your phone's WiFi settings, search and connect to the WiFi signal starting with "F###...".
